

Sampson Community College Cost of Attendance 2024-2025

SCC's cost of attendance for students is **an estimate of educational expenses** that students may incur during the period of their enrollment. A student's cost of attendance includes direct expenses such as tuition, fees, books, and supplies. A student's cost of attendance also includes indirect expenses that are associated with a student being able to attend college such as: transportation, living expenses and personal miscellaneous expenses.

Tuition is based on \$76 per credit hour for in-state residency and \$268 per credit hour for out-of-state residency. The tuition rate is subject to change at the direction of the North Carolina General Assembly.
